

September 21, 2018

Legislative Candidate,

Our organization, Illinois Citizen Uprising, is on a mission. A citizens' mission to bring about real change. We are a bipartisan organization made up of everyday citizens across Illinois. Everyday citizens that care about this state, are saddened and angry by its direction, and believe that real structural reforms are the only way to save it. This is an organization that plans to utilize every available tool to reach its goals, and will not accept defeat. There's just too much at stake

Now we'd like to ask you if you agree with us, the citizens, your constituents, and will join us on our mission to take back our state. We ask that you fill out the following questionnaire and return it to us no later than October 10, 2018. Your responses, as well as our endorsements, will be posted on our website, illinoiscitizenuprising.com. We will also be notifying members of our organization that live in the district for which you seek office, of your responses and we ask them to join us in any actions we may take to support or oppose your candidacy. Please take the time to fill out the questionnaire and return it to us in the self-addressed envelope. If you choose not to respond we must assume you do not support our mission and will be listed as opposed to our reforms.

We hope you join us in this mission to take back our state. For more information go to our website at illinoiscitizenuprising.com

Sincerely,

Jim Coxworth
Founder & President
Illinois Citizen Uprising
